

Create your Cape!

On Open Farm Sunday farmers are the heroes of the day!

Farmers produce our food, natural fibres and fuel, whilst managing the countryside for wildlife to thrive. They are our Guardians of the Earth!

Create a cape design for our farming heroes which reflects the amazing work farmers do, and you could be in with a chance of winning a **toy John Deere tractor**. You might be able to get some design ideas by visiting a farm on Open Farm Sunday – farming’s annual open day!
